DIMENSIONS & SPECIFICATIONS

Dimensions:

Length: 12 1/2"

Width: 2 1/2"

Depth: 2 3/8"

Max. Gate Weight: 125 lbs.

Max. Gate Width: 54"

Max. Opening Angle: 90 degrees

Type of Gate Material: Metal, Vinyl, Wood

Closing/Latching: Adjustable

Material: Steel

Color: Black or White

Finish: Powder coated

Hinge Arrangements: In-line

Opening Pressure: Variable depending on gate size

The TB175 may not be compatible with offset hinge arrangements or arrangements that create more than 2" between gate post and gate, as it is critical to mount the closer as close as possible to the gate's pivot point.
